

Why create the NIHAP?

Nunavut Inuit co-developed the 2019 Inuit Nunangat Housing Strategy with Canada and other Inuit Nunangat organizations. Under this Strategy, we have an opportunity to make a plan to improve housing - for Nunavut Inuit by Nunavut Inuit.

The NIHAP timeline

Nunavut has had a housing crisis for many years. We cannot fix the crisis overnight but there is a lot we can do right now. NIHAP has short and long term actions. Many actions can start immediately.

NIHAP Action Areas:

- 1 Investment**
Obtaining and managing funds to act on housing
- 2 Construction**
Planning, constructing, operating, and maintaining new housing
- 3 Capacity Development**
Building individual, community, and business capacity to design, deliver, obtain, and maintain housing and housing services that meet the needs of Nunavut Inuit

What will the NIHAP do?

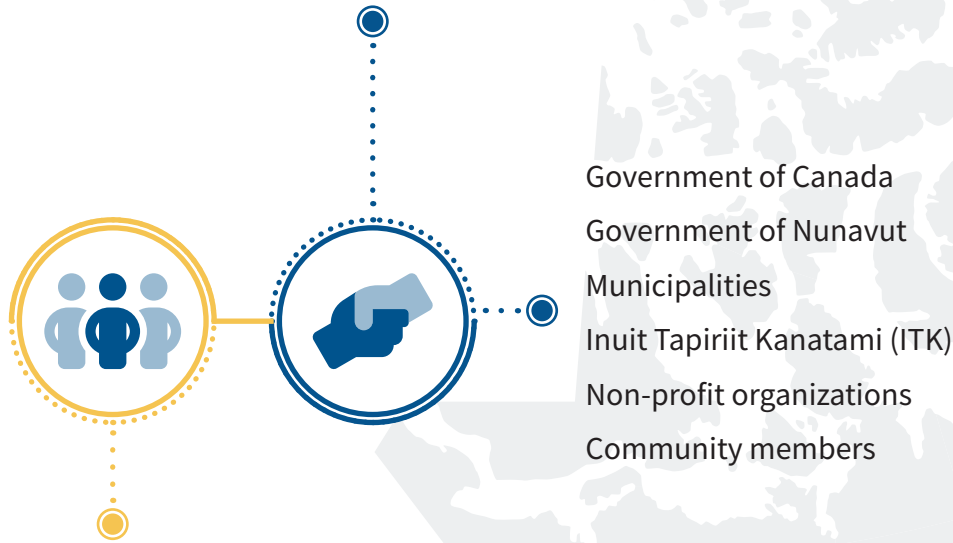

The NIHAP will create action across 3 key areas to reduce overcrowding and meet Nunavut Inuit's housing needs.

 Research is key to all action areas

Together we can make housing better

We will ask you about your vision for housing. We will also work with our partners on innovative housing solutions that create sustainable transformational change in our communities.

- Government of Canada
- Government of Nunavut
- Municipalities
- Inuit Tapiriit Kanatami (ITK)
- Non-profit organizations
- Community members

The NIHAP will create a new Inuit Housing Entity

The new entity will make sure we complete the actions in the plan and manage the new Inuit Housing Fund well. The new entity will also help us to collaborate with partners on the NIHAP actions.
